

D&G
DOLCE & GABBANA

This Brand is for those who want to demonstrate their freedom, openness to everything new and trendiness. Dolce & Gabbana label is luxury, ironic, refined and extremely sexual. Dolce & Gabbana eyewear means handmade models inspired by the pulse of streets, modern music and rejected limitations.

Though sun glasses are functional and necessary, they are much more valued as a fashion accessory with special style and design, and are the key feature that enriches their owner's individuality.

Elegance of Dolce & Gabbana eyewear collection reaches new heights due to its original style and high quality of its products. Rich colors, variety of shapes, shine of gold adored by designers, monograms made of strass and metal combined with high-tech materials, that's why the collection ultra stylish.

Dolce & Gabbana collection reflects the Mediterranean spirit that characterizes the entire label. Dolce & Gabbana glasses reflect freedom and culture of metropolis dwellers. Typical owner of glasses is an individualist, who wants to get everything he wants in life, and who deems accessories as necessary component of his lifestyle and character. The features of models:

Dolce & Gabbana monogram decorated with Swarovski strass embedded into an ear arm as a cameo or a metal disk with the logo that features the more classical frames.

Innovative and modern forms of Dolce & Gabbana eyewear are combined with classical and cutting edge colors, prestigious materials and fine details. Their Mediterranean palette include colors from fatal black to golden and bronze, Havana color, beige, brown or glazed, pearly violet, diamond-coral, and red. The collection offers variety of shapes as well: squared for men, milder and rounded for women giving a touch of mystery and sensuality to their owner.
